## Dedication

Ras Baraka

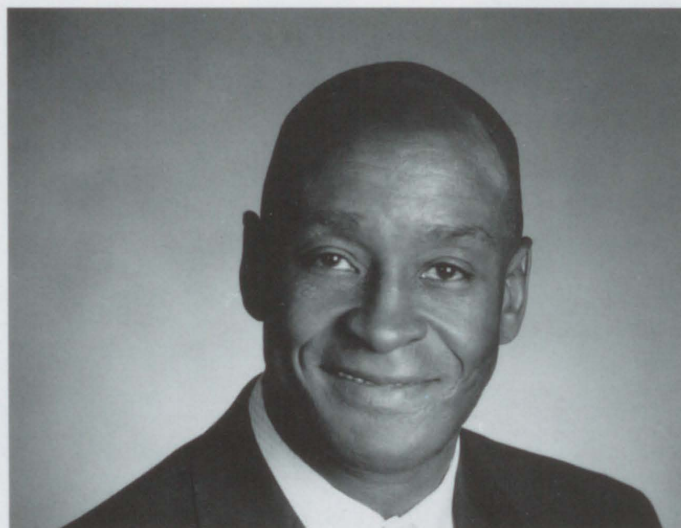

A quiet storm walked into the reservation of the Indians. A storm that stirred emotion, awakened consciousness, and breathed life into the building. The storm created energy, brought forth joy, and held out a helping hand to a tribe that appeared to be sleep walking without direction or purpose. This storm connected itself to the adolescent mind of its occupants and said, "Life is important, you are important, create your place and stamp your seal onto a dream, that can become a tangible reality through faith, diligence, and perserverance. I see the child in you that wants to become that young man or young lady. Full of promise, drive, and ac  
complishment." Education is not a mere book to be held, or a teacher waiting at the door of your unconsciousness to unlock the buried treasure or a desk waiting to be occupied, or a hallway awoken by inner voices, or a sport combating victory and defeat or activities that float on the senses of the human body. It is a fabric woven by young minds and carefree, connected by the craftsmanship of

the sentinels who guard and nurture the arteries that travel through this delicate material to create a fine work of art that can withstand life trials and tribulations and come out victorious. We call this quiet storm Ras Baraka and it is to him we dedicate our book but we do not forget those other quiet storms that have ruffled our feathers, the faculty and staff of our formidable reservation .

*"In Pursuit of Excellence"*

Congratulations for achieving this milestone in your personal pursuit of excellence.

Our Aim as always, has been to provide a safe environment that fosters an appreciation of diversity, promotes respect, values teamwork, recognizes the contributions of students and staff, encourages academic achievement and social responsibility, while empowering you to become active participants who can thrive in an ever-changing world.

Our Goal has been to continue to nurture a desire for lifelong learning by imparting upon you the abilities to think critically, apply knowledge creatively to new situations, communicate effectively, utilize technology, and to view personal wellness from a holistic perspective.

Our Reward is the shared spirit of Indian pride that I see in your eyes as we say our farewells. Much of your preparation and development has occurred in our building, in our neighborhood and in our community. Now is the test. It is no longer a test of academic achievement. This test places a premium on the development of your strength of character, self-motivation and your individual pursuit of excellence. Your ultimate reward for always striving to do your best, no matter what obstacles cast into your paths, will be a life of happiness and success.

Good Luck and God Speed!

## Ras Baraka

---

*-Many have told you that life is hard. It is! They told you that there would be many obstacles. There are! There will be many that doubt you because of who you are, where you come from, the music you listen to, the food you eat, the way you walk, and the passions of your heart. Just remember your mind is your greatest asset, don't abandon it. We live in a very precarious time. The world is changing right before your very eyes. It is your challenge to make sure that the changes are progressive ones. The world is plagued with war, disease, poverty, and inequality. Our job is to do something about it. Stay focused and Stay true to your heart. Hail, Hail class of 2005!*

*-Remember in life no matter what you do, always strive for the best. Don't be afraid to take risks. Surround yourself with positive people who want more out of life than their present situation. Don't let anyone choose your life for you. Don't hope and wait for something to happen. Know your talent and make it happen for you. Give everything in life your all. Stand up for what you believe in. The doors of opportunity are open to you. Just have faith and believe and never give up. Remember greatest is He that is in you, than he that is in the world.*

## *It Can Be Done*

*If you think you are beaten you are;  
If you think you dare not, you don't;  
If you'd like to win, but think you can't  
It's almost a cinch you won't;  
If you think you'll lose, you've lost,  
For out in the world you'll find  
Success begins with a fellow's will-  
It's all in the state of mind.*

*Full many a race is lost,  
Ere even a race is run  
And many a coward fails  
Ere even his work begun  
Think big and your deeds will grow  
Think small and you fall behind,  
Think that you can, and you will:  
It's all in the state of mind.*

*If you think you are outclassed, you are:  
You've got to think high to rise:  
You've got to be sure of yourself before  
You can ever win a prize.  
Life's battle doesn't always go  
To the stronger or faster man:  
But sooner or later, the man who wins  
Is the fellow who thinks he can.*

"No act of kindness no matter how small is ever wasted." Kahlil Gibran

Mr. Jackson, the founder of "The Act of Kindness Day", taught us the meaning of giving, sharing, and caring. That day inspired us to put aside our differences and give out love. That day taught us to give to those who don't always feel appreciated. That one day brought us together and helped in developing our sense of humility. It was a lesson teaching us how we can put away our differences for one moment of love. "Now, that seniors is what I call a moment to share." Thank you Mr. Jackson for inspiring us to think about others.

*Weequahic Through A Student's Eye*  
*by Charles Smalling*

High school years are said to be the most magnificent journey in a person's life. It is a stage in life, which cannot be recaptured once lost. However many of us fail to recognize the beauty until our last year. Weequahic does not stand on twenty acres of green lawn. Of course not. It is a city high school. For some people it might just be another high school existing among other buildings that line several city blocks. That opinion however, will be quickly changed once you walk through its doors. Walls of marble and artwork will immediately capture your attention. This is just the beginning of the beauty that exists within the walls of this historic institution. Here you will find teachers and staff who are fully devoted to their students' education while maximizing every ounce of their potential. In this organization students are not only steered towards academic achievements, but are also taught how to embrace who they are, to be intellectually strong and to be independent. These qualities can be seen in many of their graduates.

In one of our assemblies, Principal Stone told us about a sticker that read 'Life is hard, then you die'. Mr. Stone then said to us, "Life can be tough at times, but it's up to us to rise to the occasion; therefore, it is up to our staff to continue to work vigorously to ensure that Weequahic students continue to rise." I now realize that when he said, "It's up to us", he was not just referring to students but students and educators working together as one.

Have you ever explored/thought about the reason for calling Weequahic the "Home of the Indian"? I have. I have come to realize it's called the Home of the Indians because inside there are not just teachers and students, but also a family working intensely to improve each member's potential. In Weequahic's Indian home everyone has a shoulder to lean on. We all work together in helping each other surpass what they thought was their limit. Each graduate is prepared for the hardship of the world, so the sticker on our car will read "Life is fun, lets enjoy it".

My journey at Weequahic High School shall never be forgotten. Special thanks to Mr. Woodward, Ms. Anastasi, Ms. Findley, Ms. Perry, and a very special thanks to one of the greatest English teachers I know Ms. Stackhouse. Thank you Weequahic High, Home of the Indians for accepting me into your family.

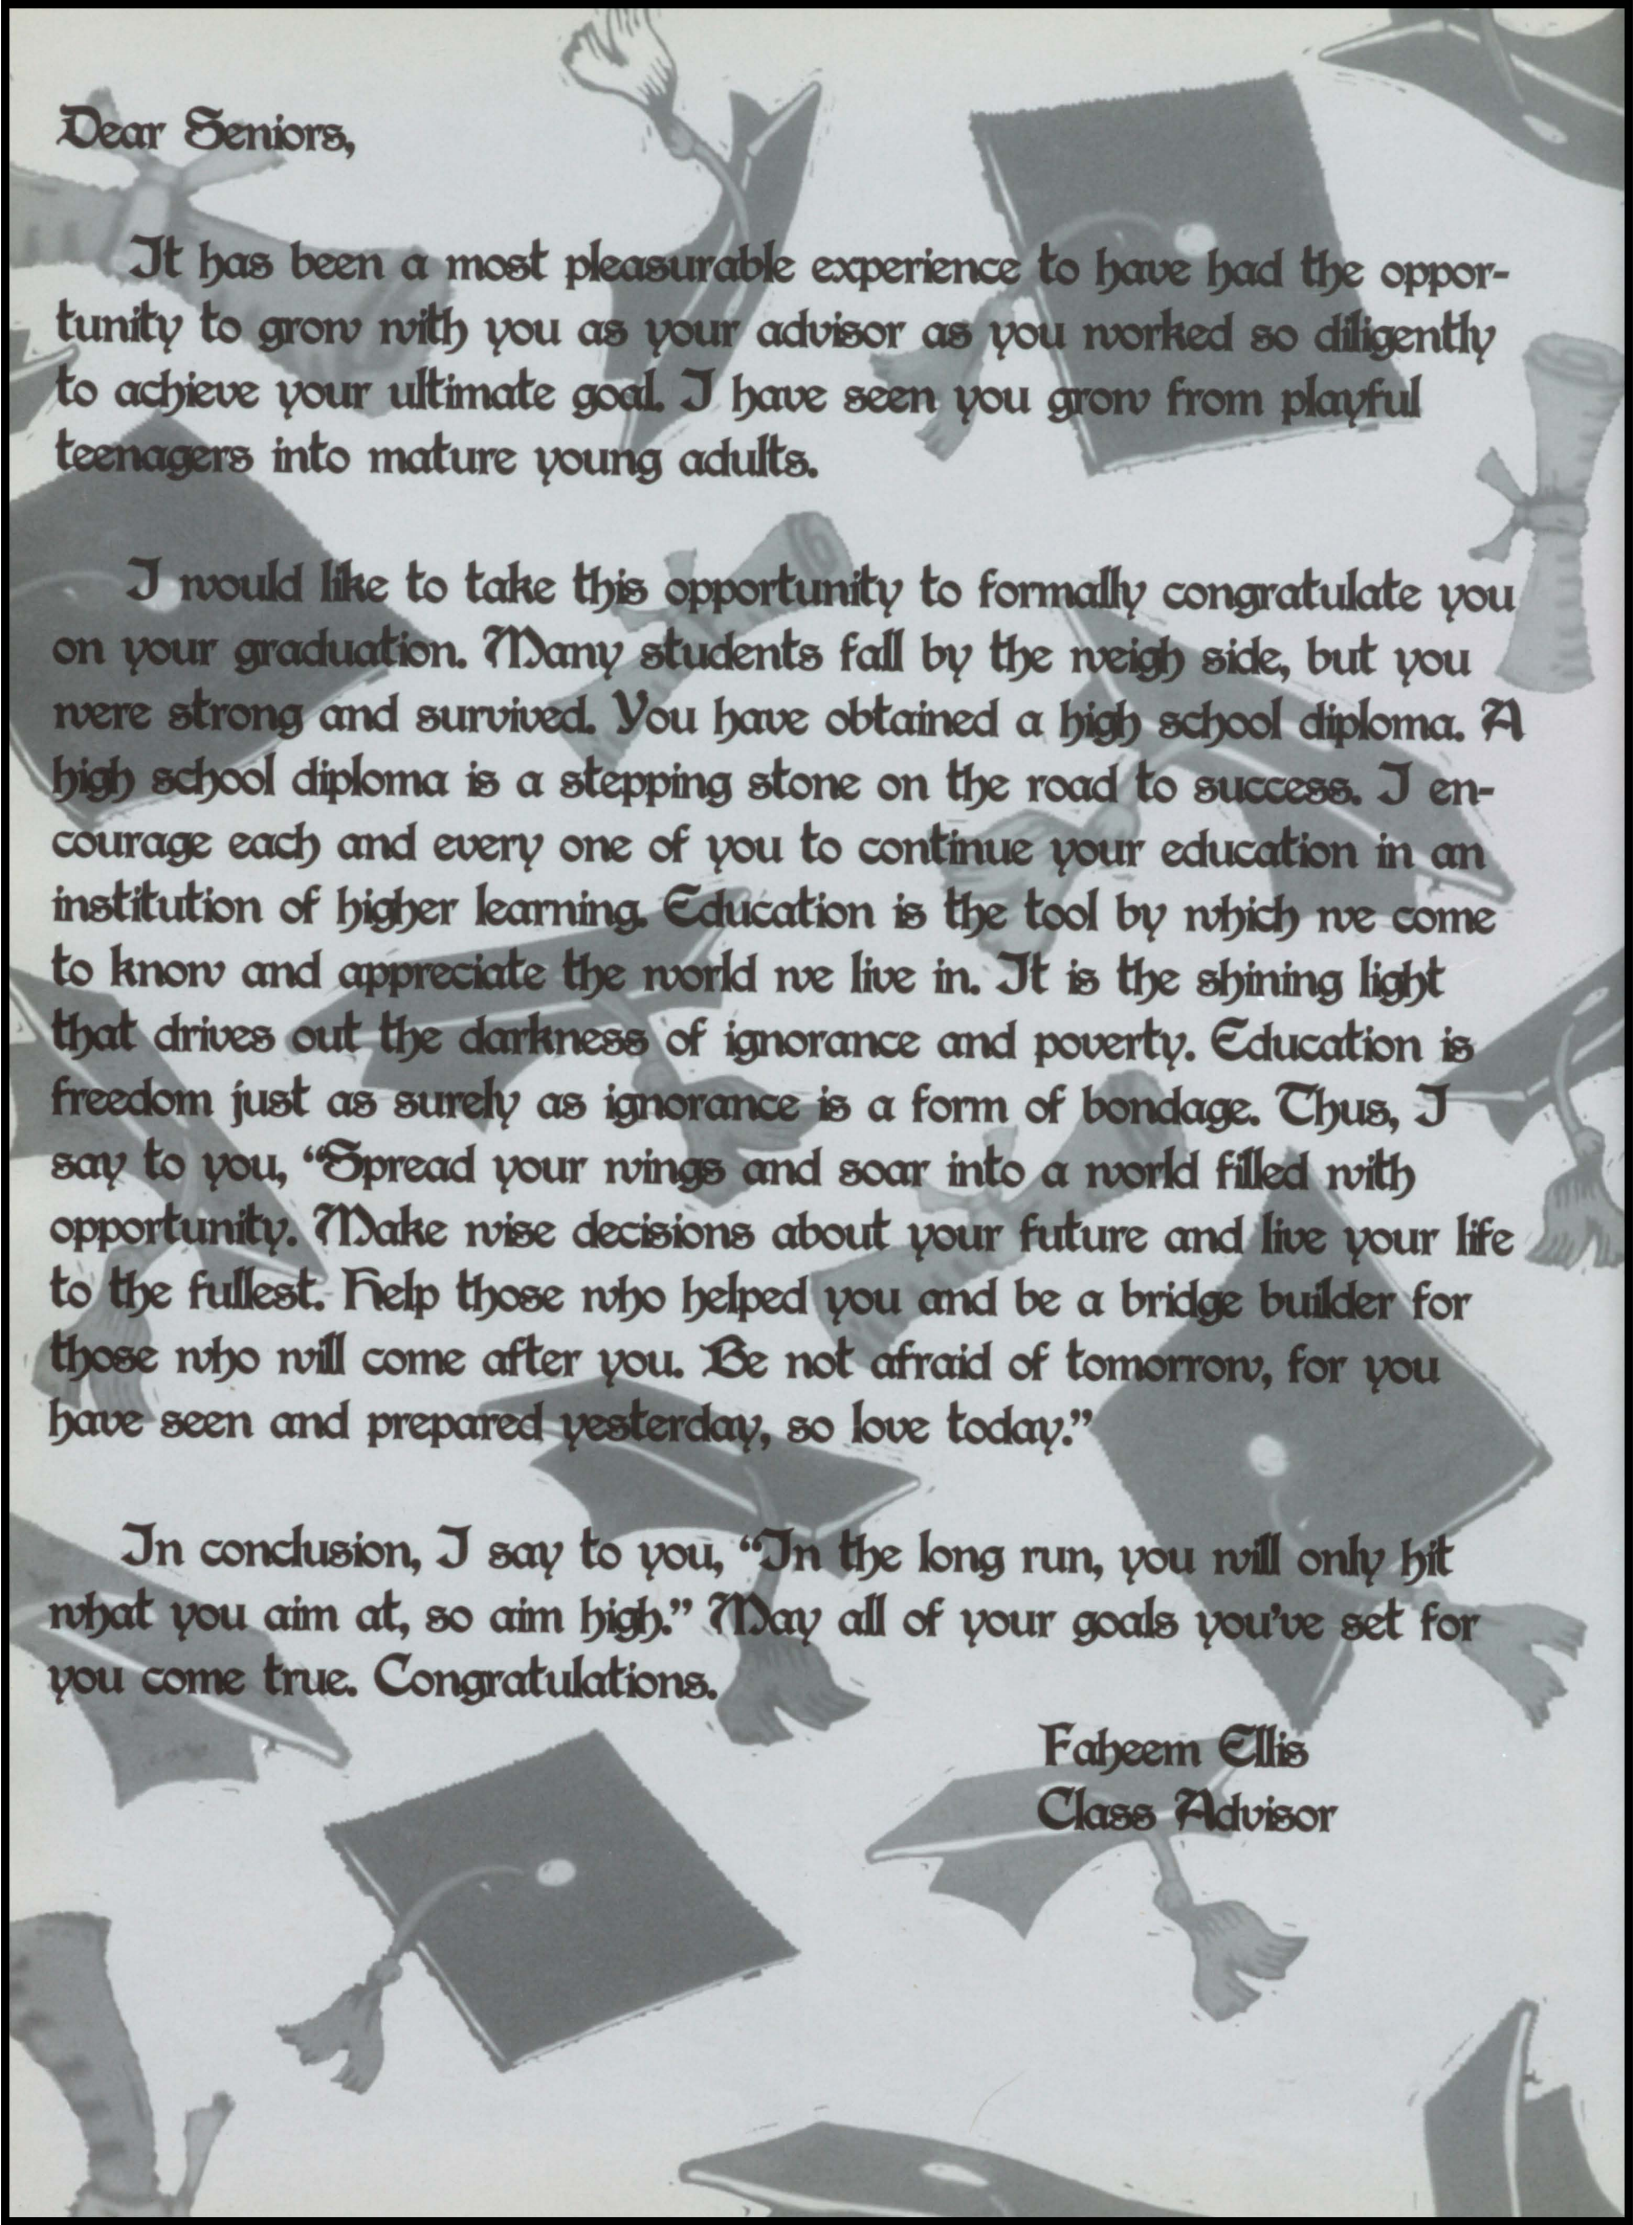

*2005 SENIORS*

The background of the page is a collage of various graduation-related items. It includes several black graduation caps (mortarboards) with tassels, some of which are tilted or falling. There are also images of rolled-up diplomas tied with ribbons. The items are scattered across the page, creating a celebratory and academic atmosphere.

Dear Seniors,

It has been a most pleasurable experience to have had the opportunity to grow with you as your advisor as you worked so diligently to achieve your ultimate goal. I have seen you grow from playful teenagers into mature young adults.

I would like to take this opportunity to formally congratulate you on your graduation. Many students fall by the wayside, but you were strong and survived. You have obtained a high school diploma. A high school diploma is a stepping stone on the road to success. I encourage each and every one of you to continue your education in an institution of higher learning. Education is the tool by which we come to know and appreciate the world we live in. It is the shining light that drives out the darkness of ignorance and poverty. Education is freedom just as surely as ignorance is a form of bondage. Thus, I say to you, "Spread your wings and soar into a world filled with opportunity. Make wise decisions about your future and live your life to the fullest. Help those who helped you and be a bridge builder for those who will come after you. Be not afraid of tomorrow, for you have seen and prepared yesterday, so love today."

In conclusion, I say to you, "In the long run, you will only hit what you aim at, so aim high." May all of your goals you've set for you come true. Congratulations.

"Weequahic Indians 04-05. The greatest team in the history of the school"

The football team of of 2004-05 is going down in history. The Indians shocked the state with a 7-4 season. Everyone is singing "It's so hard to beat an Indian." Students, staff and fans are proud to walk into Unterman Field to cheer the Indians on. Throughout the season the Indians played tough and hard. The Indians put forth their best effort to go all the way. Offensively and Defensively the football team stuck together. The championship wasn't the most important thing of their season, it was the effort and togetherness shown by the team.

"It felt good to be an asset to Weequahic's triumphs and dominant plays after so many hopeful years."  
-Senior Bobby Curry

"This season was probably the best year of football this school has seen for a long time. Would I do it again if I could? No question."  
-Senior Amos Crudup

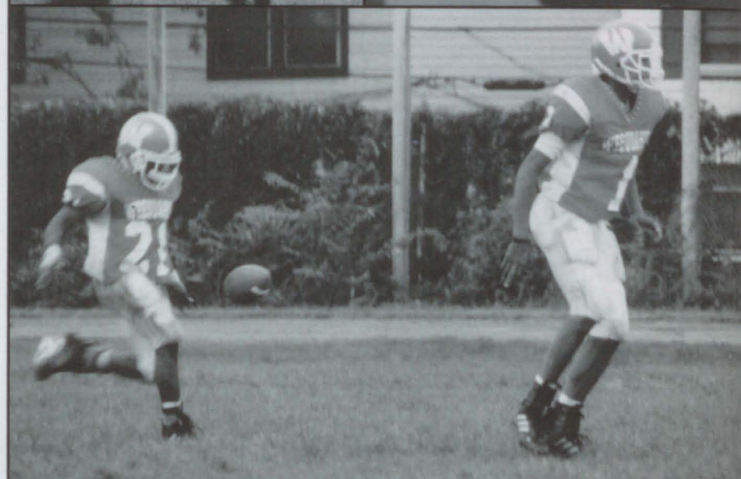

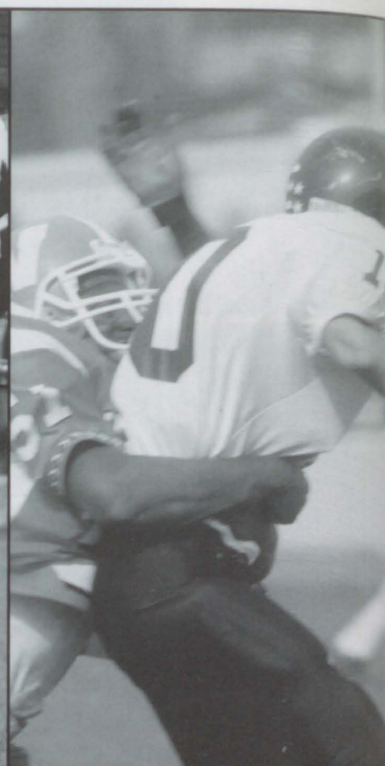

Bobby Curry, the outstanding wide receiver for the Varsity Indians this year, makes his move toward completing the play.

Darryl gives a strong block to prevent the offender from succeeding a sack of the quarterback.

Jamaal hants the ball off to Amos for a long carry up the sideline toward the goal.

The pictures seen here are all a representation of the hardwork, willed ability, and endurance that existed in the Indians varsity football team in 1980. The '05' varsity team are undeniably the succession of the Indians from 25 years ago. Congratulations to our football players and a very much deserved THANK YOU to Coach White. IP !

## 2004-2005 Varsity Basketball

The 2004-05 Varsity basketball team had a very successful season. With great strength and willed ability they played and triumphed their season as a team.

### Weequahic's Future Leaders

*Starting Varsity his second year straight, shooting guard Keon Lawrence was one of the top scorers his sophomore year and reached a milestone by getting his 1000 point while in his junior year.*

*Marcus Moore is a quiet but dominant player. He plays the center position like no other. Moore crashes boards aggressively, attacks the basket, and gives the team as much support as they need.*

*Maurice Coleman the point guard runs the team well and thinks pass first, score later, and his defense is stunning as he shuts down the opponent. A humble and good leader.*

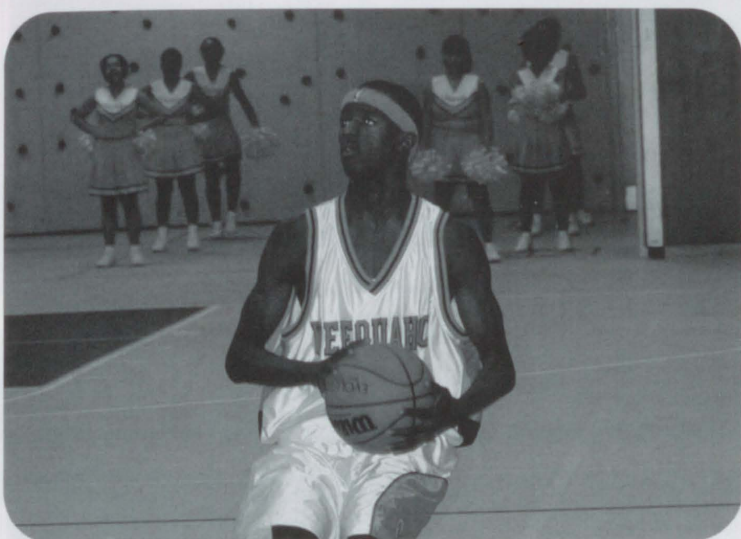

## Varsity

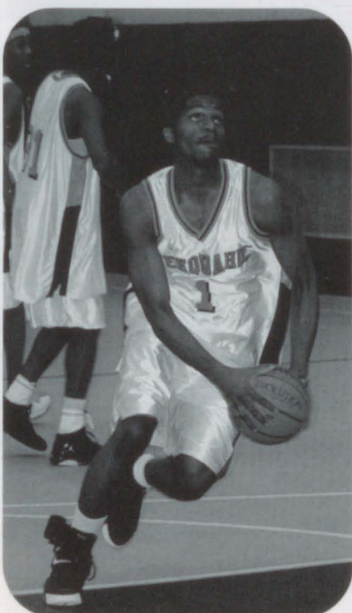

Hassan Hatcher, Gavin Barker, Jesse Hector, Dawan Jenkins, Bobby Curry, Marcus Moore, Keon Lawrence, Richard Harrell, Maurice Coleman, Duquan Harris, and Coach F. Gavin

## Junior Varsity

Ronald Cherry, Jamal Perry, Myron Horton, Joushua Nash, and Coach D. Butler

*This season the Indians played their hearts out to strive for excellence and earned every victory. Recapturing the stripes for our varsity squad put the WE back in Weequahic, the power, and determination that Indians have as a team and as a family.*

**Maurice Coleman stares the opponent down as he takes him left and right.**

# Senior Sportsmen

**Basketball:**Duquan Harris

Senior sportsman of the year isn't just about how many points you put in or how many yards you ran. The appreciation of this player is given to show that this person is a true, determined, and an honestly dedicated player to the sports they play in high school and possibly the sports that will have a great impact on their lives. Sportsman of the year is a player that has given nothing but the best effort to the game and the team and has been the most gratifying.

So You Decide.

Jasmine's message

I've accomplished many things in life but never have I thought that this would  
be the one on my agenda. My life has been nothing but a rollercoaster. But with  
the help of my aunts I've reached my goal. Andrea & Debra, thanks for  
everything, especially you Andrea, my heart goes out to you, I love you. To my  
life, heart, & soul, Amber, thank you for chasing my goals with me, I love you boo!  
Also without my cherishable moments of my father my life would be nothing, I love  
you. R. I. P. To my senior class, our years has been nothing but a rollercoaster,  
but we kept our heads up high & thrashed through whatever obstacles that came our  
way. Even though hatred was shown towards each other, at the end it was love that  
brought the class of 05' together. Remember, there's no class that will ever top us!  
To close it out, a special thanks to Lisa, Dawn, Gee Gee, Gabbi, Michelle,  
Courtney, Brian, Brandon (Duck), Mike, & Shameerah. I love ya'll!

Brian F. says: Well I guess you can say that the dynasty class of  
2005 has reached the end of its era. Four years, forty months and  
720 days seems alot like a decade when you turn the tables on dem  
sleepers like we did and having so much endurance within us.  
Cause we done been through alot of changes as a class, areal areal.  
Maturity is the biggest of the changes (jus think back to how we  
were freshmen). I don't know about ya'll but coming to school  
was one of the best parts of my day. You never knew what to  
expect once you got in, but before you left you'd think you done  
seen and heard it all. But those days are over now for all of us.  
For the 05 class I say this, Forget about the tradition, remember  
the same people who you shook hands, gave hugs too, those who  
gave dollars or quarters to u for the bake sales and soda machines,  
the person you fought and then became cool wit. Remember dem  
cause those same people may need you or vice versa. Basically to  
my 05 Indians. Mad love and respect from the kid. Now to my  
Mafia Brothers: Don't think the Mob is done now. Our time is  
just beginning. I love ya'll from the bottom of the kid heart. Now  
lets show the spectators how we get down.

Congratulations Danielle !

You have filled my life with love. Don't ever forget that you are unique and you have within you the ability to make your dreams come true.

Love,  
Mom

Hey K.K.,

Remember when you were toddler  
and you had to wear that foot  
brace and when you used to make  
that Mike Tyson face at people?  
Remember when you were a pre-  
teen I took you to that Tommy Girl  
modeling audition? Or how about  
last New Year when you partied  
until 4 in the morning?  
My, how time flies.

*Koridian,*

*Congratulations on completing 1 of many milestones in your life. Thank you for hanging in there through those challenging times. These four years of high school will be remembered for the rest of your life.*

*Cherish the memories. I certainly will never forget the happy times we laughed together or the sad times we cried together. Remember those unforgetten moments of cheering you on at softball games, supporting you and just being there while you received an award. The tears you shed on graduation day are the tears of entering adulthood. Never forget and always know that no matter how far away you are, I am always near.*

*You've come a long way since ninth grade. In your journey you will encounter trials, but never get discouraged for they are only means of making you stronger. The tears I shed are because you're not a little girl anymore. I am so proud of you!*

*Stay focused, keep reaching, and never say never!*  
*I love you*

*Lord, thank you for my child,*

## *In Memoriam*

### Paul Boleh Boyah

Sunrise: June 28, 1948  
Sunset: August 15, 2004

Paul B. Boyah was born in Monrovia, Liberia-West Africa. He received his Bachelor of Science degree in Meteorology while in West Germany. Mr. Boyah continued his education at the University of Vienna, Austria earning his Master of Science in Meteorology.

"Boyah", as called by the students, was a 9th grade Mathematics teacher here at Weequahic. Having a very strong love for children and education, he only wanted "all the students to stay in school, get an education, and be the best they could be." He had a dislike for violence, gang-banging and drug dealing. For him, it was "a waste of the human brain and life."

Mr. Boyah was a man who wanted more for others than for himself. He possessed a relentless love for his students and wanted them to soar like eagles - flying high and aspiring to be the very best they could be.

We have shared so much through the years and this Legend is a time capsual of treasured memories from the best of Weequahic. Because of our experience at Weequahic we won't ever forget what we've been through, how we got there, and where we are now. Our class of 2005 is truly irreplaceable. So no matter how hard another class try they will never compare to the class of 2005!!!

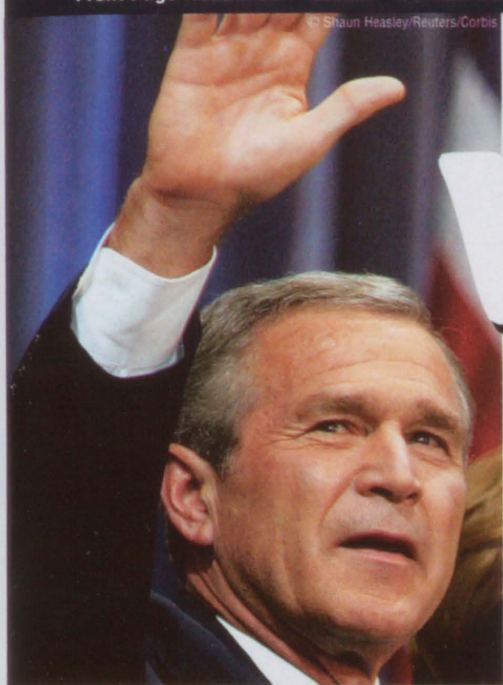

## Gabbi

*When you were little you always said, "When I grow up or I can't wait 'til I get older." Then, when you get older it seems like time went by too fast. If I could have, I would have started here and been a true Indian, having that orange & brown blood running through my veins. But thankfully, I've been filled with that IP spirit in these last two years and I don't wanna lose it. My seniors, my friends, thanks for welcoming me and accepting me as a member of the Weequahic fam. Sameerah, thank you! Nothing will ever match this senior class, so don't try it!*
